Opportunities NB is pleased to invite you to a workshop on Understanding the European CE Mark and why it is relevant to your businesses.

This event is aimed at manufacturers who have limited or no regulatory compliance experience and are exploring opportunities in the European Union under the Canada-European Union comprehensive Economic and Trade Agreement (CETA).

Presenter

Douglas S.G. Nix, C.E.T., SM-IEEE

Douglas Nix, C.E.T. is a partner and Managing Director at Compliance InSight Consulting, Inc. (www.complianceinsight.ca) in Kitchener, Ontario. He writes a blog called Machinery Safety 101, (machinerysafety101.com, Twitter @MachinerySafety).

A Sheridan College graduate (1985), Nix brings more than 30 years of engineering technology expertise with focus on risk assessment and machinery safety since 1996. Nix is registered as a Certified Engineering Technologist with OACETT, and became an IEEE Senior Member in 2014.

Interested companies are welcomed to meet with the presenter following the workshop, by appointment only.

Register by September 13 by contacting:

This event is supported by the Atlantic Trade and Investment Growth Agreement (ATIGA), a federal-provincial funding agreement that seeks to enhance Atlantic Canada's exports.

Agenda

8:30am – Registration

9:00am – Featured topics for exploring CE Marking for exporters:

- What is the CE Mark?
- How does CETA tie into this question?
- How is this relevant to my business? Why is the CE Mark required on Canadian products exported to the EU?
- Why export to the EU?
- What countries are covered by the CE Marking requirements?
- What do I need to do to get a CE Mark? How does a product receive a CE Mark?
- Who issues the CE Mark?
- What is a compliance program and why do I need it?
- What are the legal implications of the Mark?
- Directives
- Technical Standards
- Notified Bodies & Test Labs
- Are there differences depending on the industry sector?
- What are the opportunities presented to business for exporting to the EU?

12:00pm – Meet the speaker, networking session with Doug Nix

1:00pm – Pre-arranged exporter-consultant meetings are available by appointment only

This event is supported by the Atlantic Trade and Investment Growth Agreement (ATIGA), a federal-provincial funding agreement that seeks to enhance Atlantic Canada's exports.
